## Roofed Accommodations

With new additions to our roofed accommodations we are able to give the adventurous souls the opportunity to visit one of the gems in our park system. Our accommodations will be open year round and choices to camp in style that would appeal even to those that don't care to sleep on the ground.

Ski from your doorstep; venture out on wilderness trails over frozen creeks and ponds deep into the woods or skate ski groomed skate lanes within the campgrounds. Awake to the sun sparkling over the snow covered lake with only the sounds of the birds that haven't ventured south. After snowshoeing the "Teaching Trail" along the shores of French Lake, enjoy time around the campfire and look at the stars in numbers you haven't seen before. Sleep in cozy comfort, well rested for another day of groomed ski trails or breaking a trail of your own.

Winter accommodations that overlook French Lake have a lovely view of the sunset. You can explore or go ice fishing and return to enjoy a barbeque on the balcony.

Nineteen provincial parks offer some of Ontario's best cross-country skiing. Get the latest ski conditions from The Park Ski Report

## Roofed Accommodations

## Roofed Accommodation in Ontario Parks

### Accommodation that Suits Your Nature

Imagine enjoying all the beauty and nature of a provincial park without having to bring much gear or sleep in a tent. Maybe you are new to camping and want to stay at a park without having to invest in equipment or perhaps you used to be a camper and no longer want to sleep on the ground.

Dedicated summer campers who want to try visiting in the colder months might prefer the warmth of Quetico's cabins.

Whatever your preference, Ontario Parks has many styles of roofed accommodation to suit every taste.

**OPEN YEAR ROUND**
